Financial inclusion funding recipients (2015-2021)

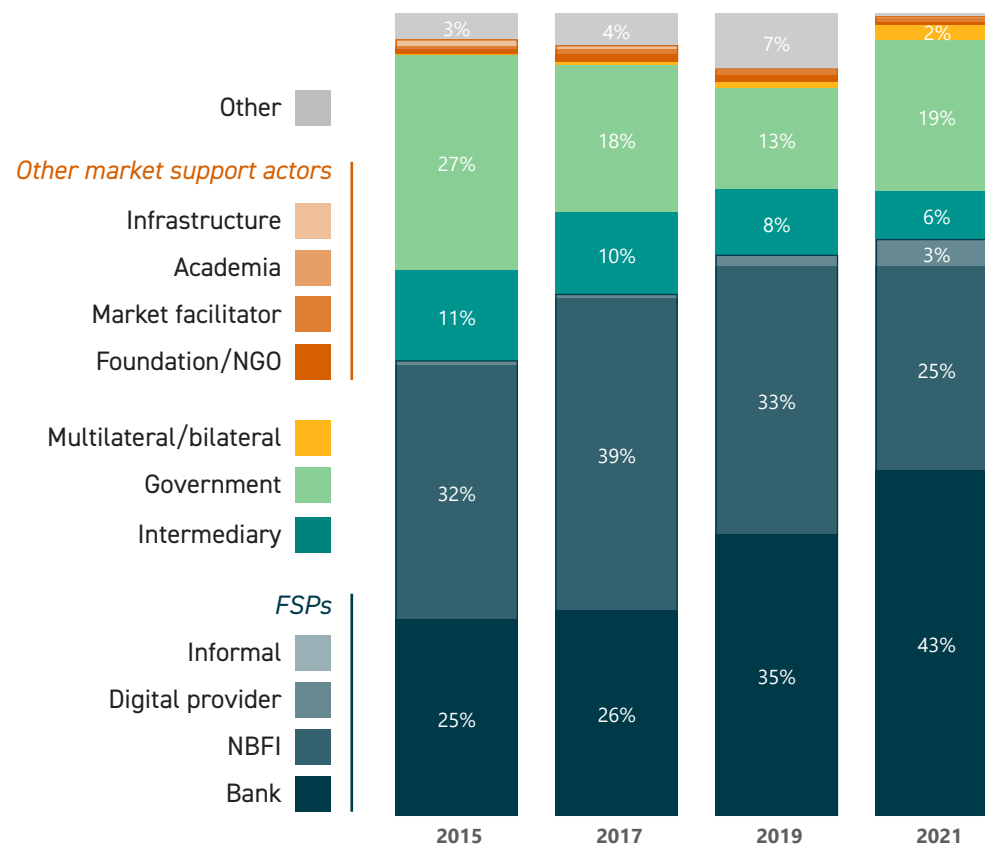

Trends in commitments by recipient type

Trends in average project size by recipient type (US\$ millions)

Funding composition by recipient type

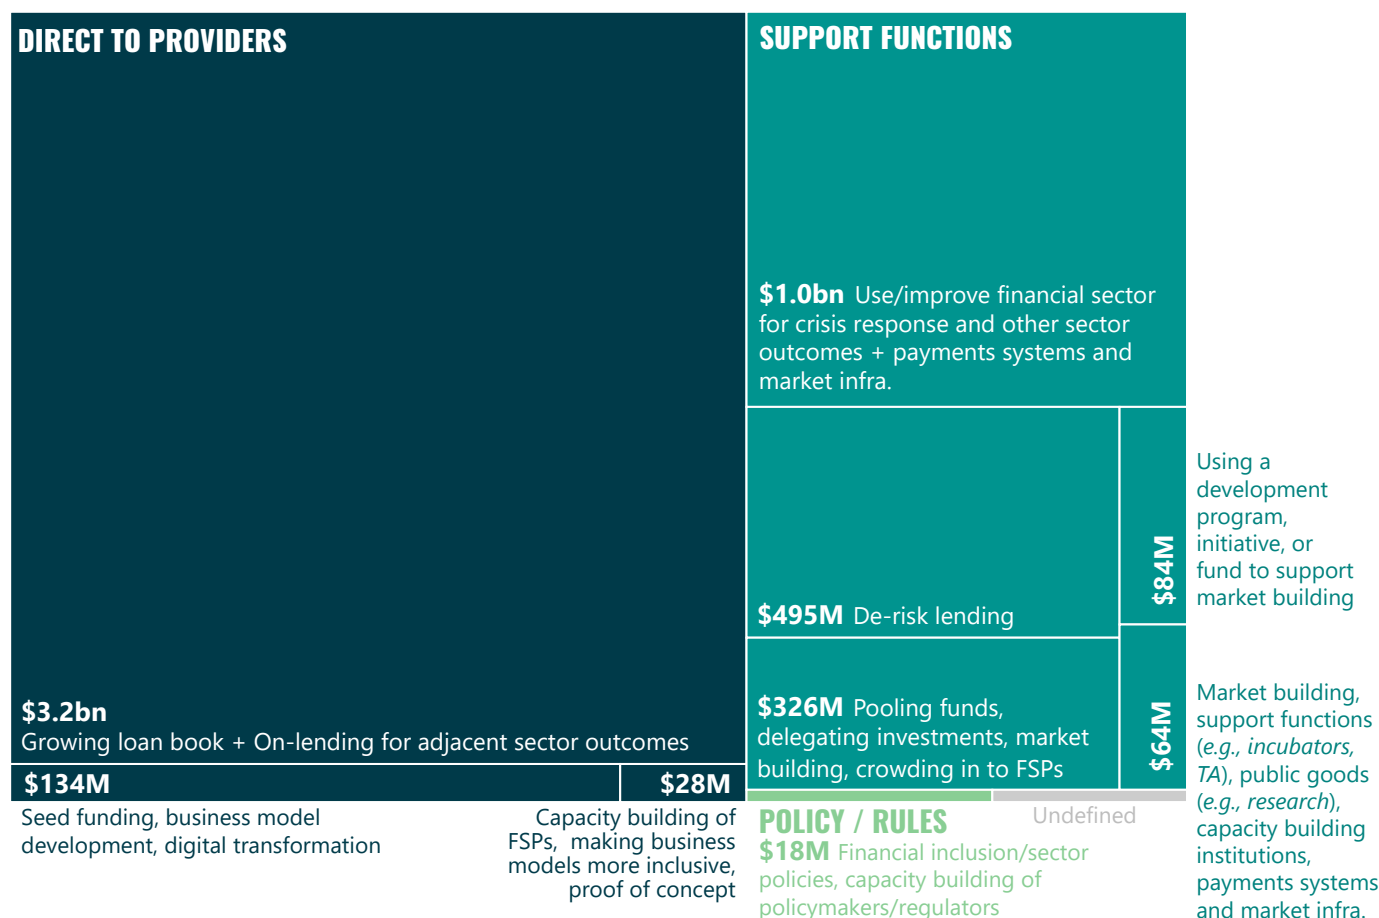

Source: CGAP Cross-Border Funder Survey 2015-2021, n=31 funders

Notes: Data reflects project commitments converted to USD using end-of-year exchange rates. **FSPs** = Financial service providers; **NBFI** = Non-bank financial institution.

What do international financial inclusion funders fund in LAC?

2021 CGAP Cross-Border Funder Survey
REGIONAL SNAPSHOT
LATIN AMERICA AND THE CARIBBEAN

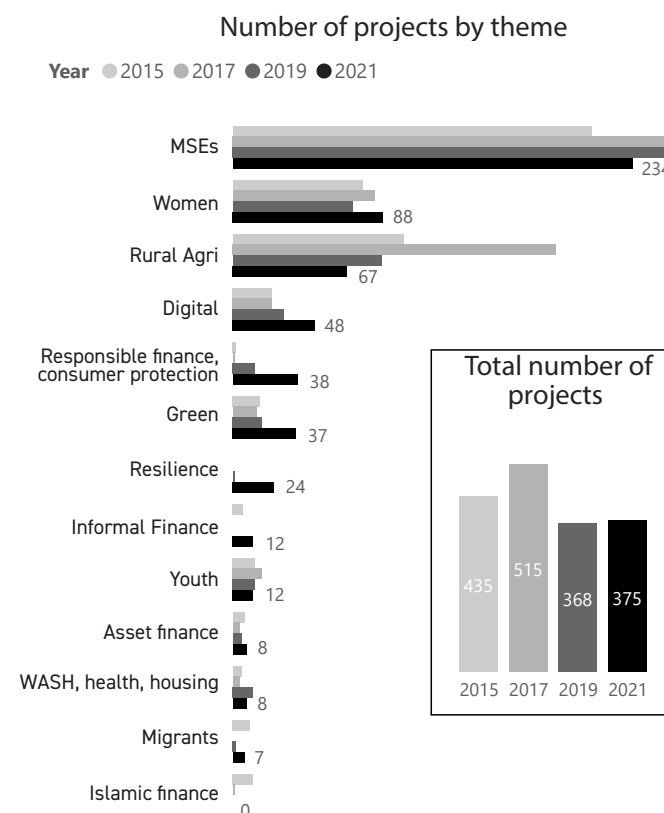

Commitments by funding purpose (2021)

Source: CGAP Cross-Border Funder Survey 2015-2021, n=31 funders

Notes: Data reflects project commitments converted to USD using end-of-year exchange rates. New for 2021, funding purpose has been derived by cross-referencing a project's funding instrument(s) and primary recipient type. More than one theme may be associated with the same project. **MSEs** = Micro and small enterprises.; **Rural Agri** = Rural and agricultural finance. For full definitions of themes and further information on the funding purpose typology, please refer to the Funder Survey methodology at https://www.cgap.org/sites/default/files/2023-03/CGAP_Funder_Survey_2021_Methodology.pdf.

Number of projects by theme (2015-2021)
